UTAH'S CLAIM TO CHAMPIONSHIP

Varsity Can Claim Title With As Much Credit As Any Colorado Team.

The results of the Colorado-Utah football games on Thanksgiving puts a new phase on the Rocky Mountain championship in football. For the past two weeks the Colorado teams have been fighting among themselves as to which might properly claim that title. Utah was not considered, but since Thanksgiving day Utah has as good a right to the title as any of them, and a comparison of scores would in all fairness place Utah in the lead.

To begin with, Utah has beaten Montana by a score of 42 to 0, and the A. C. of Utah by a score of 25 to 0. This gives Utah the undisputed title over these two states. Utah's single defeat of the year was by Colorado college, by a score of 6 to 4. On the other hand, Utah beat Denver by a score of 24 to 0, and Boulder by a score of 10 to 0. Utah therefore scores 34 points against Colorado teams to the 4 points scored against Utah, meeting three of the five big teams of the state. While Colorado college defeated Utah, Denver defeated Colorado college by a score of 7 to 6, against the score of 24 to 0 Utah made against Denver. The School of Mines did not play Utah, but the best it could do was a tie with Denver, a tie with Colorado Springs and a tie with Boulder. Utah clearly defeated two of these teams by much larger scores than one of these teams beat Utah. This puts Utah above the School of Mines on comparative success.

Of the five big Colorado schools, the Colorado A. C. is not considered. Utah halloped Denver unmercifully, beat Boulder badly and only a muddy field kept the score down as the details will show: did not meet the School of Mines, and was beaten by a single touchdown by Colorado college. Of the last two teams, comparative scores show Utah would have beaten the Mines had they met, and was beaten by a single touchdown by Colorado college. Utah played better ball than Colorado college, except in the single game where Utah was scored on, while the Mines got against Utah this season. On top of this, Utah defeated the leading teams of two other states.

Utah has also gone farther and challenged the Mines or Colorado Springs for a post-season game to settle the championship beyond a question and offers to play either at Denver or Salt Lake. Nothing could be more fair than this proposition. When the disputes get so hard to figure out championships it is hard to see where Utah can be shut out of the title.

MEXICAN PETE IS COMING

Gets Out of Oklahoma Jail and Is Now on Way to Zion.

Mexican Pete Everett is out of jail and headed for Salt Lake. Just read this: "Anadarko, Okla., Nov. 26.—Herald.—Dear Sir: If you have space in your valuable paper, I would like to have the following challenge issued: I am now open to fight any man in the world—barring none. I will fight Burns, the present champion, any time, any place, and will bet him \$5,000 that I will put him down and out. I will be through Salt Lake shortly and may go on to Los Angeles. Will drop in and see you. I will ring off for this time. Remember me to dear old Salt Lake.

(Signed) "MEXICAN PETE." Just why Pete should say dear old Salt Lake is not known, unless he thinks the jail here are better than they are in any other place. When Pete gets here it is a 2 to 1 bet he will break into jail within twenty-four hours, especially if the weather is cold. Pete says he will call in and see The Herald man, but he will not if The Herald man sees him first. This is a fair warning to the police department that Pete is coming and, therefore, proper orders can be given.

NEIL PROVED WORTHY FOE

Joe Thomas Fails in His Attempt to Knock Out Two Men in Ten Rounds Each.

San Francisco, Cal., Nov. 30.—Joe Thomas, the welterweight champion, tonight failed in his undertaking to knock out Frank McConnell and Al Neill within ten rounds each.

McConnell went out on the first punch—a left hook to the jaw. In Neill, however, Thomas found a worthy antagonist. With the seventh round ended, Neill's showing would have entitled him to a draw decision. In this round Neill was groggy by clever stalling and clinching prevented a knockout. In the other rounds Neill fought as well as Thomas. There was no knock-downs, and neither man seemed distressed at the close.

HIGH SCHOOL MAY DISBAND.

Whether the Salt Lake High school team will disband without playing any more games this season could not be learned yesterday, but the matter will probably come up for settlement on Monday. The boys would like to take a crack at Ogden before closing the season, and this matter will probably come up before the athletic council when school convenes next week.

Y. M. C. A. TO PLAY B. Y. U.

Crack Basket Ball Teams Meet in Former's Gymnasium This Evening.

The Brigham Young university of Provo basketball team and the Y. M. C. A. team met in the second match game of the season at the Y. M. C. A. this evening. The teams met a week ago at Provo and the students won by a safe score. The game tonight will be the first big contest of the season at Salt Lake, and as the Y. M. C. A. has the advantage of being on their home grounds, the chances for a victory are much brighter. The Christians are not allowed to play in the state school league and therefore have to meet these teams before the league season starts, which is Jan. 15 this year. Next week the Y. M. C. A. meets the strong Logan bunch at Logan, and a week later this team will play a return game in Salt Lake. The Y. M. C. A. second and the L. D. S. U. second teams will play a preliminary game this evening. The big teams will line up:

BURNS AFTER O'BRIEN.

Offers to Bet He Can Put O'Brien Out.

Los Angeles, Nov. 30.—Tommy Burns, of this city, who fought "Philadelphia Jack" O'Brien twenty rounds to a draw before the Pacific Athletic club last Wednesday night, today posted a \$1,000 certified check as a forfeit with a local sporting editor, agreeing to stop O'Brien if the latter would agree to a return match. The only stipulated condition was that there was to be a \$5,000 side bet. The fight would be held before the club offering the largest purse.

ARMY MEETS NAVY.

Annual Struggle Between Sailors and Soldiers Today.

Philadelphia, Nov. 30.—With every player in good condition and full of confidence, the Annapolis and West Point football squads arrived here this afternoon for their annual match on Franklin field tomorrow. The teams were accompanied by coaches and trainers, and after a light luncheon at their respective hotels the players were driven to Franklin field for mid practice. Each team spent about an hour on the gridiron.

BILLIARD CHAMPIONSHIPS.

New York, Nov. 28.—Two more games are on the schedule of twenty-one which will decide the shortest 18.2 ball line billiard championship of America. These two will be played tomorrow, and there is just a chance of a triple tie. Tonight Harry P. Cline of Philadelphia scored his fifth straight game by defeating Edward McLaughlin of this city, 400 to 299.

THUMB PRINTS OF AUTO DRIVERS

One Has to Stand a Rigid Examination to Run a Machine in Argentine.

Basil Johnson, a well known British motorist, gives an interesting account of how a license is granted in the Argentine Republic. He has recently returned from Buenos Ayres, and he says that he was submitted to all sorts of indignities by the police officials of that city, says an exchange. They compelled him to go through the regular criminal identification code, taking thumb prints. He also had to supply three photographs of himself. The following are among other points, he says, on which he had to quench their thirst for knowledge:

"The birthplace and Christian name of father, mother, self, wife and children, with ages. Names of mother and wife before marriage. Present places of residence of all the above. When I arrived in the Argentine, and by what ship. What relations have above in South America, and where. My brothers' and sisters' names and places of residence. What cars I have. My height and a description of my appearance."

"I was finally told that I might be examined in driving in a week's time if the references I gave proved satisfactory. I was in due course examined driving my own cars in Buenos Ayres, and a description of my appearance."

"I have since found that neither a license for cars nor drivers are apparently necessary, as I have been driving three separate and unlicensed and unnumbered cars about the town for nearly a month, and the police appear to take no interest in the matter whatever. I am now able to understand why there are so few gentlemen who drive their own cars in Buenos Ayres, as it is evidently considered a pastime to be indulged in only by criminals and brigands of the deepest dye."

INDIAN SUCCESSFUL COACH

This Year's Carlisle Team Brought Up to High Standard by Former Players.

One of the most successful coaches of the present season is as near a genuine American football product as any man who has charge of an eleven in the east. Benrus Pierce, by skillful handling of the Indians, has placed them in the front rank of the college world.

Pierce is an Indian, and therefore very much of an American. His quick insight into the possibilities of the new rules induced him to teach his eleven a style of play that has been commended wherever Carlisle has appeared. There is no eleven of approximately the same weight which has made a better showing than the Indians.

Pierce has been assisted by Frank Hudson, the greatest drop kicker of this year, also an Indian, and between them and with the assistance of Carl Flinders, who has taught the center how to handle himself, Carlisle has done so well that the team is rated as one of the high-class organizations of the year.

LUMLEY SIGNS CONTRACT

President Ebbet Holds Signature of Brooklyn Sluggers for Next Season.

New York, Nov. 28.—Brooklyn baseball fans are pleased to hear that the signed contract of Harry Lumley, the pugny right-fielder of the Dodgers, is at present reposing in President Ebbet's study. Lumley is a native of Brooklyn and can still figure in a trade, but if Mr. Ebbets has seriously considered the tempting offers made by the New York and Chicago clubs he would hardly have gone to the trouble of getting Lumley's signature to a contract. He would have let Lumley do his figuring with his new manager.

The fact that the Brooklyn slugger asked and received a substantial increase in salary by leaving the Brooklyn club realizes his value as a team asset and that it would be a big mistake to sell him.

The salary that John McGraw has offered \$50,000 for Lumley and Jordan, and that the Chicago club has also bid high, will cost the Brooklyn club some extra salary money.

GIANTS TO TAKE TRIP TO PACIFIC COAST

New York, Nov. 28.—McGraw's Giants will next spring take the most extensive preliminary practice trip in the history of any New York baseball club. In Los Angeles, Secretary Knowles will arrange for exhibition games, possibly going as far north as San Francisco and San Jose. But when the Giants start east they will go by the Southern Pacific route, and have already arranged games to be played in San Antonio, Tex., with McAlleer's St. Louis Browns. Then the Giants will play Connie Mack's Philadelphia Athletics in New Orleans. Knowles has arranged games in Nashville, Louisville, Columbus and other cities.

OVERCOMING DIFFICULTIES.

(Army and Navy Life.)

A colonel on a tour of inspection came unexpectedly upon two soldiers, one of whom was reading a letter aloud, while the other was listening, and, at the same time, stopping to the ears of the reader. "What's going on here?" asked the officer.

"You see, colonel, John can't read, so I'm reading a letter from his sweetheart to him."

"And what are you doing, John?"

"Mrs. Casey—Aye! shure he looked fur all the world like a love man layin' there dead."

FLAVORED WITH FIDO.

(Indianapolis Star.)

One summer day three painters were painting the inside of a house in the country. Toward ten time these painters began to wish for something to drink. So they held a conference, with the result that their leader went to the mistress of the house and said:

"The frames of your oil paintings are very dry, my'am. We'll clean them for you if you give us something to drink."

"How much whisky will be needed?" asked the guileless old lady.

"About a quart, my'am," said the painter.

So the old lady brought to the three painters a quart of whisky, and they drank it up and cleaned the picture frames with water.

At sunset the old lady coming to inspect the frames expressed herself as delighted with them.

"Oh," she said, "they look beautiful. I wish they were all like that. I wish I had a quart of whisky, and they drank it up and cleaned the picture frames with water."
